**Subject:** Update on Title IX Case

Hi Bill,

Here's a brief overview of the case, so that you can add it to the Clery Report. I'll copy you on all case files once we've completed the case.

Complainant stated that on 9/19/15 she was in a private bedroom in the University Courtyard Apartments with male respondent 1 (his bedroom). Male respondents 2 and 3 then entered. Respondent 2 closed and locked the door. Complainant states that she was highly intoxicated and not interested in any sex of any kind. She stated that she said "you don't want to do this" to the three respondents. Respondent 2 removed the Complainant's top and attempted to remove her pants. All three respondents dropped their pants to their ankles, exposing their genitals to the complainant. All three respondents made the complainant touch their genitals with her hands. Respondents 2 and 3 both attempted to force the complainant's head down, as if to force her to perform oral sex on them. All 3 respondents then left the room.

Complainant also stated that two weeks prior to this incident, while she was visiting the apartment of Respondent 2 he invited her into his bedroom, pushed her down on the bed, and began to take off her pants. She stated that she was not interested in sex and attempted to free herself. He then held her down, told her to 'stop wiggling' and completed intercourse with her.
